CONSTITUTION

ARTICLE I - NAME

The name of this Association shall be Mid-Central College Conference.

ARTICLE II - PURPOSE

It is the purpose and function of this Conference to promote intercollegiate athletics in a well-rounded athletic program, maintain high ideals, and promote sportsmanship and a friendly understanding among member colleges. The Conference, therefore, encourages the member schools to stress the supporting role of athletics in the total education process and keep athletics in proper perspective.

ARTICLE III - GOVERNMENT

Section 1. The Conference shall be governed by the Constitution as adopted.

Section 2. This Constitution may be amended by a majority vote of all member schools at a regular meeting as defined in Article VII, provided the following provisions have been fulfilled. All proposed changes to the Constitution must be presented in writing to the Executive Committee for review. The Executive Committee shall act as a steering committee and shall consider the merits of each proposed change and shall present to the Conference for action those changes which the Executive Committee deems appropriate.

ARTICLE IV - MEMBERSHIP

Section 1. Membership shall include the following colleges: Bethel College, Goshen College, Grace College, Huntington University, Indiana Wesleyan University, Marian College, Spring Arbor University, University of St. Francis and Taylor University.

Section 2. Membership in this Conference requires participation in at least six (6) of the sponsored sports. In the men's division the minimum participation is three (3) sports with basketball and baseball required of all member colleges. In the women's division the minimum participation is three (3) sports with basketball and volleyball required of all member colleges.

Section 3. Membership in good standing in this Conference is rendered to every college which abides by the spirit and stipulations of this Constitution. Membership can be placed in jeopardy when any member college is determined, in a full Conference meeting, to be in violation of the provisions stated herein.

Section 4. Colleges confirmed to be in violation may be penalized by being placed into one of the following categories. For most offenses these categories will begin with probation and proceed in sequence. When violations of a more severe or flagrant nature occur, the Conference may locate the violator in an advanced category.

Probation - Under observation. This probation also requires that such members must, within 90 days of the beginning of the probation, justify in writing its inability to comply with the Constitution and present a plan and time-table for correction. Should no response be forthcoming in said ninety (90) days the Executive Committee shall, at its next regular meeting, consider recommending to the Conference that the offending school be placed under restriction.

Restriction - Under observation. During the period of this penalty such member college will be ineligible to win any Conference championship and ineligible to represent the MCC in any post-season play. Individual athletes will be eligible for appropriate Conference awards. No college may continue in this category for more than one calendar year (exception: See Section 5). In the event that during this year a violating college fails to take any concrete steps to correct the violation, it will automatically be suspended from the Conference at the completion of the current academic year.

Suspension - Under suspension. For continuing non-compliance with this Constitution or for severe violations, the Conference may apply this penalty wherein a college may be ruled to be not in good standing. Such a member will be suspended from all MCC competition and membership terminated.

Section 5. No member college may be placed on probation, restriction, or suspension without due process. Due process must include the following two stages and may include the third.

Hearing - The Executive Committee will act as the hearing board of the Conference. All charges (e.g. ineligibility, unethical conduct, or any other violation of Conference rules) will be submitted in writing to the chair of the committee within one (1) week of the discovery of the alleged violation. A copy of the charges will be sent to the FAR of the offending school and the FARs of the other member colleges at least one (1) week prior to the Executive Committee meeting. The committee will investigate the charges, deliberate upon the merits of the case, and recommend to the Conference (by majority vote of FARs present) any appropriate action which is consistent with the provisions of this Constitution (See Section 3).

Action - The Executive Committee will make a presentation to the full Conference in any regular or special meeting. The full Conference will make the final decision by either confirming, amending, or rejecting the recommendation of the Executive Committee. The Conference may consider it advisable to create a substitution action which is consistent with this Constitution. A decision to discipline must achieve a 2/3 majority vote of a quorum (See Article VI). In lieu of an appeal to reconsider, the decision of the Conference will be considered final.

Appeal - The offending college will be granted thirty (30) days in which to file an appeal to any decision. The appeal should be addressed to the full Conference. All appeals should be delivered in writing to the President of the Conference and should be designed to demonstrate in what manner the Conference erred in its decision. The Conference may confirm, amend, or reverse the original decision. All such decisions must achieve a 2/3 majority vote of a quorum.

Section 6. Any college which, in any year, fails to participate in the minimum required sports will automatically be placed on probation. The probation will begin at the beginning of the violation and continue for one (1) year. Within ninety (90) days the offending college must present in writing to the Executive Committee justification for the non-compliance and a plan and timetable for bringing its athletic program back into compliance. The Executive Committee will be charged with the responsibility of monitoring the situation. In the event that non-compliance continues into a third year, the college in violation will automatically be placed under restriction for one (1) year. If non-compliance continues and no concrete corrective measures are forthcoming, such college will automatically be suspended or allowed to withdraw from the MCC at the completion of the current academic year. If during the third year the Executive Committee can be satisfied that the college in question is making a good-faith effort and the correction is forthcoming, the Committee may recommend (by the majority vote of the FARs present) that the offending college be permitted to continue under restriction for one (1) additional year. The full Conference must confirm or reject this recommendation by a 2/3 majority vote of a quorum. Under no circumstances may a member continue in violation of this provision for more than four (4) years.

- Section 7.** When electing a new member college to the Mid-Central College Conference, said election shall be by secret ballot. Each member school shall have one vote. Election to the Conference shall not be accomplished if more than two (2) dissenting votes are registered.
- Section 8.** Any MCC college considering withdrawal from the Conference will give the Conference notice of their intentions prior to September 1st of the year preceding withdrawal.

ARTICLE V - REPRESENTATIVES

In transacting business with a college, the officers of the Conference shall recognize only an official Faculty Representative of the college as certified by the representative college. This official may be either the Athletic Director or Faculty Athletic Representative.

ARTICLE VI - VOTING

A member college shall be entitled to three (3) votes, one by the official Faculty Representative, another by the Athletic Director, and a third by the coach of a Conference sport. A majority of the member colleges shall constitute a quorum.

ARTICLE VII - MEETINGS

- Section 1.** In order to conform to the purpose of this Constitution, as stated in Article II, there shall be one (1) meeting per year. This date will be the Monday after Labor Day.
- Section 2.** The meeting shall be held in the fall.

ARTICLE VIII - OFFICERS

- Section 1.** The officers of the Conference will be a President, Vice President, and a Secretary-Treasurer, elected at the final meeting of the academic year to serve for the following two (2) years. The new officers will succeed to office immediately upon election. All officers of the Conference must be properly appointed Faculty Representatives, Athletic Directors or Head Coaches in colleges holding memberships in the MCC. At such a time as a vacancy occurs in these offices the parliamentary procedure shall be: in case of the President, the Vice-President shall succeed to presidency; in the office of the vice-presidency or the Secretary-Treasurer, a special election shall be held at the next meeting after the office is vacated, with nominations from the floor. A ballot election shall require a majority vote.
- Section 2.** Separate Sports Information Directors for men's and women's athletics will be appointed to handle Conference publicity. An honorarium will be provided.
- Section 3.** There shall be an Executive Committee consisting of the Faculty Representative from each school in the Conference. The chair and secretary of the Executive Committee shall be elected by the members of the Executive Committee for two (2) year alternating terms. The chair shall be elected at the Fall meeting in even numbered-years; the secretary shall be elected at the Fall meeting in odd-numbered years. The President of the Conference shall be an ex officio member of the Executive Committee with voting privileges, unless he/she is a Faculty Representative.
- Section 4.** The duties of the Executive Committee shall be to act as a clearing house for all matters of business not delegated to the other officers of the Conference.

Section 5. All charges of ineligibility, unethical conduct, or violation of Conference rules shall be handed to the chair of the Executive Committee in writing, within one (1) week of the discovery of the alleged infraction. A copy of the charges shall be sent to the Faculty Representative of the school in which the alleged violation occurred and the FARs of the other member colleges, one (1) week prior to the Executive Committee meeting. The Executive Committee shall give due consideration to each case, shall make whatever investigation it deems necessary, and shall take appropriate action as quickly as possible.

Section 6. Membership of the Council of Presidents consists of the CEO of each member institution.

The Council elects a chair and a vice chair. The chair and the vice-chair serve two-year terms, with the vice chair serving as chair-elect. These officials will bring business items to the entire Council as deemed necessary. The chair will be encouraged to attend all Conference meetings during his/her tenure as chair.

The Council of Presidents meets at least annually, in the fall, following the annual meeting of the full Conference.

For the transaction of business, a two-thirds majority of the voting members shall constitute a quorum.

The Council of Presidents will give final approval to matters of fundamental policy such as financial aid, national affiliation, membership and other matters affecting basic nature, purpose and direction of the Conference. The Council is the final authority on all Conference matters. However, much of the day-to-day business of the Conference will be delegated to the Executive Committee, Athletic Directors, Faculty Athletic Representatives, and respective sport groups.

While it is understood that the intercollegiate athletic program at each member institution is the full responsibility of its Chief Executive Officer, it is imperative that the Council of Presidents and the entire Conference constituency work together toward promoting the student-athlete philosophy of the National Association of Intercollegiate Athletics. Therefore, each Chief Executive Officer will establish within his or her respective institution a liaison whereby regular reports of Conference activities are received and discussed.

ARTICLE IX - DUES

The dues of each member school shall be as the Conference designates, payable annually on the first day of September or may be paid at Fall meeting. The dues for each member institution is \$2300.00.

ARTICLE X - SPORTS

The MCC sport Procedures Manual will serve as the official handbook to be followed in all Conference competition. Changes in the Procedures Manual must be submitted in writing to the Executive Committee for approval at a Conference meeting. In the men's division the MCC sponsors seven (7) sports: Baseball, Basketball, Cross Country, Golf, Soccer, Tennis, and Track and Field. In the women's division the MCC sponsors seven (7) sports: Basketball, Cross Country, Soccer, Softball, Tennis, Track and Field, and Volleyball.

ARTICLE XI - ELIGIBILITY

- Section 1.** The National Association of Intercollegiate Athletics (NAIA) shall govern this Conference for the purpose of eligibility.
- Section 2.** The eligibility rules apply to junior varsity as well as varsity players.
- Section 3.** Any student/athlete who transfers from an MCC school shall be declared ineligible for one academic year to participate at any other MCC school in any sport sponsored by the MCC. If the student completes a terminal program before transferring or stays out of school for one (1) academic year, the previous statement does not apply. If the student is not an athlete, nor were they recruited as an athlete, then the above statement does not apply. The A.D. will be responsible to verify in writing, the student's current status and provide a release if deemed appropriate.

ARTICLE XII - CHAMPIONSHIPS

- Section 1.** Individual championships shall be recognized for all sports which are officially sponsored by the Conference under Article X of this Constitution. In order to have a Conference champion in any sport, a majority of member colleges must compete in that sport.
- Section 2.** Championships in those sports are determined through MCC championship events.
- Section 3.** Awards - A trophy shall be awarded to the school whose team wins the championship of each of the sports sponsored by the Conference.
- Section 4.** There shall be an over-all sports trophy awarded annually to the school whose teams compiled the greatest number of points in all sports. Points shall be awarded in each sport and accumulated according to the following formula: 9,8,7,6,5,4,3,2,1 (e.g. first place - nine (9) points, second place - eight (8) points, third place - seven (7) points, etc.).
- Section 5.** In case of a tie for first place in the individual sports or in the all-sports-standing, a trophy shall be awarded to each of the co-championship schools.
- Section 6.** Trophies for conference championships shall be the responsibility of the conference president.

ARTICLE XIII - FINANCIAL AID

- Section 1.** In the interest of competitive balance, MCC member colleges subscribe to a financial aid policy which defines and delimits the amount of athletic aid which can be granted to any single athlete and any single sport.

The total athletic, financial aid that may be given to any student - athlete in one (1) academic year is tuition, mandatory fees, books and supplies (determined by the institutional committee on student aid), and room and board based upon the room and board allowance listed in the official institutional publication for in-state students. The term "tuition" is herein defined as the stated and published tuition costs of each member college. The term "fees" is defined as the stated and published full-time academic fees. The term "books and supplies" is defined as the standard budget allowance used by the institution's financial aid office.

The model below is the accepted method for determining the tuition portion of athletic financial aid awards.

$$\text{TUITION} = \frac{\text{total hours required to graduate X cost per cr. hr. for full-time load}}{4 \text{ (years)}}$$

Section 2. The Mid-Central College Conference financial aid policy is funded at 55% of the NAIA Countable Aid Policy for all sports with the exception of men's and women's basketball which is funded at 100% of the D-II level.

Section 3. A copy of the NAIA "Institutional Financial Aid Report for Independent Institutions" and the accompanying "Worksheet" for the prior academic year are to be submitted to the Executive Committee Chair by no later than the Friday prior to each year's Fall meeting.

MID-CENTRAL COLLEGE CONFERENCE COACHES AND PLAYERS CODE OF ETHICS

In order that the overall objectives of the MCC Constitution be fostered, encouraged, and attained, the following code of ethics has been adopted:

1. It is the duty of coaches to be in control of their players at all times in order to prevent any unsportsmanlike act toward opponents, officials, or spectators.
2. Coaches are expected to comply wholeheartedly with the intent and spirit of the rules. The deliberate teaching of players to violate the rules is indefensible.
3. Coaches should teach their players to respect the dignity of the game, officials, opponents and the institutions which they represent.
4. Coaches should confine their discussion with game officials to the interpretations of the rules and not challenge officials' decisions involving judgment.
5. Whereas friendly banter between players is not to be prohibited: cursing, obscene language, malicious or personal remarks to opponents or spectators should not be tolerated at any time. Rather, the players should spend their energies toward encouraging their teammates to better efforts.
6. Coaches should emphasize the fact that their assistants, managers, and other bench personnel must confine their remarks to their own teammates and not "ride" the opposing players.
7. Coaches, themselves, should refrain from any personal action that might arouse players or spectators to unsportsmanlike behavior.
8. Coaches should expect from the officials a courteous and dignified attitude toward players and themselves.
9. Coaches should seek help from school administrators in controlling unruly students and spectators.
10. A coach or faculty member should be present at all MCC athletic events so that the highest standards of sportsmanship and conduct are maintained.
